For the past 18 years it has been an honor and privilege to have Dalfen America Corporation as a client. Having worked at several of their properties throughout Florida, we have always found them to have the utmost respect for their tenants by striving to provide the best product and services to meet their tenants' needs.

These past years it has been a pleasure to work directly with Ms. Shelly Drakes, V.P. The expertise, drive and professionalism of her and her team never fail to make our job easier

We truly appreciate being allowed the opportunity to work with Dalfen America Corporation

Sincerely,

Jack McKee, President
